

Looking to  
Make a  
Global Impact?  
**Empower  
Communities  
Ethically &  
Sustainably with  
MEDLIFE**

Open to everyone dedicated to **ethical impact and community empowerment**—students from all disciplines and individuals eager to make a responsible difference are welcome.

## Why join a MEDLIFE Service Learning Trip?

**Learn from local medical professionals** during our medical screening and educational outreach clinics in low-income communities.

**Apply academic theory in real-world settings** through respectful, hands-on fieldwork that prioritizes community perspectives and values.

**Contribute 40 service hours** to sustainable projects that address immediate needs and promote long-term development.

**Deepen your understanding of cultural sensitivity**, sustainable development in global health, and the root causes of poverty.

**Be a part of MEDLIFE's ongoing year-round efforts** to provide screening, education & treatment while ensuring our ability to provide long-term patient care and project follow-up.

Ask me when our next meeting is!
