Itinerary

DAY

Sunday

Rundugai Hot Springs

Situated 35 kilometers from Moshi, in the heart of the Sanya Plains, lies the Rundugai village. Depart at 9 am from the hotel and get a deeper understanding of the people's ancestral knowledge by meeting a Herbalist and Midwife before enjoying a traditional local lunch.

After lunch, drive to Chemka springs. The springs are an extraordinary phenomenon, rushing up from underground in the middle of parched and dusty landscape. Locally called Chemka, meaning boiling, this refers to the way in which the water appears to boil as it emerges from underground. In fact, the water is not hot, rather it is quite warm. The spring is actually rather big and over 6 meters deep in some places, although you can see the bottom through the crystal clear waters no matter where you are.

You can also wrap your arms around one of the roots and just let the water flow by as you drift off into a daydream listening to the monkeys and birds in the trees. We will return to the hotel around 6:00 pm.
