

SERVICE LEARNING TRIP

DENTAL LIMA

ITINERARY

**SMILES
MOVEMENT**
Dentistry For Low-Income Families Everywhere

Dear MEDLIFers,

Thank you for joining the MEDLIFE Movement via a Service Learning Trip with us! Here at MEDLIFE, our mission is to build a worldwide Movement empowering low-income communities in their fight for equal access to healthcare, education, and safe homes. As a Dental SLT participant in Lima, Peru, you are joining that worldwide Movement!

The following is a sample travel plan for you to review. Please go over it before your trip and don't hesitate to reach out if you have any questions. Thank you for joining the MEDLIFE Movement, and we can't wait to see you in Lima!

Overview:

Lima, Peru's capital, is home to MEDLIFE, an organization working in its outskirts, particularly in the "pueblos jóvenes." These areas house nearly 1 million people living in poverty, lacking basic amenities like water and electricity. Ongoing support for these communities is vital. By joining a Dental Service Learning Trip in Lima, volunteers provide essential dental care and education in these underserved areas, contributing to MEDLIFE's mission to alleviate poverty.

Highlights of the Week:

- Learn about the challenges faced by low-income communities on a Reality Tour
- Gain experience shadowing healthcare professionals at a Mobile Dental Clinic
- Raise awareness in Lima communities of the importance of early education for children's oral health in preventing dental complications.
- Build bridges across cultures by connecting with community members

Key Pillars

- **Service:** By volunteering on a Mobile Dental Clinic and Development Project in Lima, you'll help bring accessible dental care, health education, and a safer home to the marginalized communities you visit.
- **Education:** Learn about the historical, political, and economic factors that have shaped the realities faced by families. Deepen your knowledge of global health by shadowing healthcare professionals.
- **Life-changing experiences:** Through eye-opening experiences and building human connections, a Service Learning Trip will renew your passion for building a world free from the constraints of poverty.

DETAILED ITINERARY

DAY

1

Saturday

Arrival to Lima

Arrive at Jorge Chavez International Airport (LIM) between 5pm and 11pm. A MEDLIFE associate will be waiting for you outside of the airport with a MEDLIFE sign. Participants will arrive at the hostel and have the night to settle in at the hotel and recover from the long travel day. Meals are not provided today, but there are restaurants nearby.

DAY

2

Sunday

Walking Tour & Orientation

Sunday morning will be dedicated to an orientation meeting where we will cover what to expect for the week and review safety precautions. Today will be an introduction to Lima for all students with a walking tour of Miraflores led by your Trip Leader. In the afternoon, participants can enjoy some free time to explore the area. Meals are not provided today.

DAY

3

Monday

Reality Tour

After breakfast in the hostel, volunteers and Trip Leaders will depart for the Reality Tour for your first immersive experience in the urban settlements where MEDLIFE works.

We will explore the harsh realities of living in these settlements and learn about how MEDLIFE works to bridge the gap between Peru's public health system and low-income families. We will also visit a partner community for a firsthand look into the daily life of the people in the Southern districts of Lima.

Return to the hostel and have some time to rest and relax before meeting in the conference room at 5pm for a presentation. We will discuss MEDLIFE's work and you will receive your Mobile Clinic station assignments for the week. Afterward, volunteers are free for the night.

DAY

4-5

Tuesday to Wednesday

Mobile Clinics

Every day, Mobile Dental Clinics travel to various communities, with 30-minute to 2-hour travel times. Upon arrival, volunteers unload supplies and attend a brief training session before opening the clinic at 8-9 am. They work until lunch around 11:30 am, then switch stations. Clinics close between 1-3 pm, depending on patient volume.

Volunteers will also visit a permanent clinic to learn from and shadow local doctors while overseeing deeper and more complex treatments for patients. Procedures can include surgeries, permanent dentures, and more!

On free days, they can explore the city.

DAY

6

Thursday

Permanent Clinic

Volunteers visit MEDLIFE's permanent dental clinic to learn about and observe our long-term Patient Follow-Up Program. Patients who require specialized or complex procedures that cannot be completed during Mobile Clinics—such as root canals, oral surgeries, dental implants, or prosthetics and dentures—are brought to the permanent clinic. On this day, volunteers shadow local dental specialists and healthcare professionals during advanced treatments, seeing firsthand how MEDLIFE provides continuous, sustainable care to patients in need.

DAY

7

Friday

Development Project

On Development Project Day, volunteers work alongside local community members and MEDLIFE staff on hands-on development projects that address long-term infrastructure and safety needs in partner communities. Designed in collaboration with local community leaders, these sustainable initiatives may include constructing pedestrian staircases, building water and sanitation facilities, or renovating community spaces and schools. Volunteers engage in physical building and improvement activities, fostering meaningful cross-cultural connections while helping improve quality of life and access to essential services.

DAY

8

Saturday

Optional Tourism Activities

Make the most of your trip by participating in an optional tourism activity or extension. In Lima, most volunteers choose a Day Trip to Ica, an amazing oasis in the desert.
